

COVID-19 UPDATE:

Effective [Thursday, March 19<sup>th</sup>](#), Farmers State Bank of Hoffman will close the lobbies of all our locations. Our main concern is the health and safety of customers and our employees. We feel, as all of us should, it is our responsibility to help slow down the spread of the virus in any way possible. With that being said, we understand that some business necessitates the use of the lobby and having access to the resources inside the bank. The lobby will be accessible to customers by appointment during regular business hours, please contact the bank at [618-495-2225](tel:618-495-2225) to discuss your specific needs. We would also take this time to remind our customers that we offer many online and digital services that will allow us to continue to meet all of your financial needs. Thank you for understanding and thank you for your continued business with Farmers State Bank of Hoffman.
